Risk Factors

The following are those risk factors which are material to each Company's Shares and of which each Company's respective Directors are aware. Material risk factors relating to the Companies are contained in the Registration Document. Additional factors which are not presently known to the Directors, or that the Directors currently deem immaterial, may also have an effect on the market risk attaching to their respective Company's Shares.

- The value of Shares in a Company depends on the performance of its underlying assets. The market price of the New Shares may not fully reflect their underlying net asset value and will be determined, among other things, by the interaction of supply and demand for such Shares in the market, as well as the net asset value per Share.
- The disposal of New Shares within five years of their issue will result in some or all of the 30 per cent. income tax relief available upon investment becoming repayable. On this basis, investing in New Shares should be considered a long-term investment. The availability of income tax relief on a subscription for shares in a VCT issued after 5 April 2014 is restricted where it is 'linked' to a sale of shares in the same VCT. For these purposes, linked means (i) the sale of the shares in the VCT was conditional on the subscription for shares in the same VCT (or vice versa) or (ii) the subscription for shares in the VCT and the sale of shares in the same VCT were within six months of each other (irrespective of which comes first). If the subscription is 'linked', the amount on which VCT income tax relief can be claimed will be reduced by the amount of the consideration of any linked sales.
- The value of an investment in a Company and the dividend stream may go down as well as up. Shareholders may get back less than the amount originally invested in a Company. There is no guarantee that dividends will be paid nor that any dividend objective will be met.
- Investment in the Shares should be viewed as long term in nature and is not suitable for all individuals. Shareholders have no right to have their Shares repurchased by the Companies at any time. Any Shareholder wishing to dispose of his Shares may, therefore, be required to dispose of such Shares by means of a market transfer.
- The secondary market for VCT shares is generally illiquid, so shares tend to be valued at a discount to their net asset value and may be difficult to realise. As a result, Shareholders may be offered a price which is less than the full value of a Company's underlying assets. The spread between the buying and selling price of such shares may be wide and thus the price used for valuation may not be achievable.
- Whilst each Company has sought to buy back its Shares in the past, there is no guarantee that there will be any buyback or other opportunity for Shareholders to realise their holdings in the future. Accordingly, if the Shares trade at a discount to the net asset value per Share, an investor may not be able to realise the net asset value per Share until liquidation of the Company or the occurrence of another corporate event (if any) which may enable Shareholders to realise their Shares at or close to the net asset value per Share.
- The information in this document is based on existing legislation, including taxation legislation. The tax reliefs described are those currently available. The tax rules or their interpretation in relation to an investment in any one or more of the Companies and/or rates of tax may change during the life of those Companies and may be retrospective. The value of tax reliefs depends on the personal circumstances of

holders of Shares in any one or more of the Companies, who should consult their own tax advisers before making any investment in the Companies.

- The Articles provide that Shareholders will vote at annual general meetings held between 2015 and 2017 as to whether the Companies are to continue as VCTs. In the event that the relevant Shareholders vote for one or more of the Companies not to continue as a VCT, proposals could be implemented such that Shareholders would not be able to achieve the minimum five-year holding period for their New Shares and which would result in the loss of the tax reliefs as further explained in Part V.

Expected Timetable

First allotment	30 January 2015

Statistics for the Offers

The number of New Shares to be allotted in each Offer will be determined by each Company's respective Offer Price as set out below.

The Offer Price at which the New Shares will be allotted in respect of each Offer will be calculated on the basis of the following formula (Pricing Formula):

Latest published NAV of an existing Share (adjusted as necessary for dividends subsequently paid or in respect of which the record date has passed) at the time of allotment divided by 0.97 (to allow for issue costs of 3.0 per cent.) and rounded up to the nearest 0.1p per Share.

Investors who apply by 2 p.m. on 30 January 2015 will be eligible for an Early Bird Discount as follows:

- Existing Shareholders in any of the Albion VCTs or Albion Community Power PLC will benefit from a 1 per cent. discount, such that the issue price of their Shares will be calculated by reference to the latest net asset value per Share divided by 0.98.
- New investors who are not existing Shareholders in any Albion VCT will benefit from a 0.5 per cent. discount, such that the issue price of their Shares will be calculated by reference to the latest net asset value per Share divided by 0.975.

Any application made under the Offers must be based on the information provided in the Prospectus, being this Securities Note, the Summary and the Registration Document all dated 17 November 2014, and any Supplementary Prospectus, copies of which may be found on the website of Albion Ventures at www.albion-ventures.co.uk.

Part I: Letter from the Chairmen

17 November 2014

Dear Investor

We are pleased to offer new investors and existing Shareholders the opportunity to acquire New Shares in the six Albion VCTs through the Albion VCTs Offers for Subscription.

The Offers (where equal amounts are invested in each Offer) are designed to provide investors with an investment in a broad, balanced portfolio of UK private companies, providing a regular monthly dividend yield and the prospect of longer-term capital growth.

The following table shows the maximum amount each Company may raise under these prospectus Offers:

	Maximum amounts under these prospectus offers*
Albion Development VCT	£4.25 million
Albion Enterprise VCT	£4.25 million
Albion Technology & General VCT	£4.25 million
Albion Venture Capital Trust	£4.25 million
Crown Place VCT	£4.25 million
Kings Arms Yard VCT	£4.25 million

* In addition, the board of each VCT may elect to raise up to a further £1.75 million pursuant to an over allotment facility, if applications are received in excess of the maximum amount and the relevant boards wish to accept those applications. The maximum amount for each VCT including the over allotment facility is £6 million.

The amounts to be raised will be pursuant to existing shareholder authorities granted at the most recent general meetings of each Company (or pursuant to the extension or renewal of such authorities).

The funds raised by each Company pursuant to its Offer will supplement its capacity to continue to invest across the business cycle in new and existing portfolio companies in accordance with the respective Companies' investment policies.

Amounts subscribed under each Offer will be invested directly in New Shares in the relevant Company. This will enable investors to participate in the investment returns of that Company's existing investment portfolio and to receive all dividends declared by the relevant Company that have a record date after the allotment of the relevant New Shares.

Investors who subscribe for shares in all of the Companies should receive at least one dividend payment at the end of each month, with an average target dividend yield, based on the current annual dividend targets and the latest reported net asset values of around 6 per cent. per annum (equivalent to approximately 8.5 per cent. on net cost after tax relief). These dividends are

normally tax free and can be reinvested under the dividend reinvestment schemes of each of the Albion VCTs by ticking the relevant box on the Application Form. Reinvestment of dividends allows investors to obtain additional tax relief on the amount of the dividend reinvested, provided that the shares are held for a minimum of five years. Further details are shown on the web page for each Albion VCT at www.albion-ventures.co.uk under the “Our Funds” section.

The minimum aggregate investment in the Offers is £6,000 and the minimum investment in each individual Offer selected is £1,000. The maximum subscription that is eligible for **30 per cent. income tax relief**, provided the Shares are held for five years, is £200,000 per person per tax year. Further information on VCT tax reliefs is set out in Part V of this Securities Note.

Investors may elect to invest equally in all of the Offers or invest different amounts under one or more of the Offers, subject to the Offers not having closed by the time the Application Form is processed. The Offer Price at which the New Shares will be issued will be calculated by way of the Pricing Formula, which is based on the latest published NAV per Share of the relevant Company as at the time of allotment, adjusted as necessary for dividends subsequently paid or in respect of which the record date has passed and the costs of the Offer. Existing shareholders and new investors who subscribe by 30 January 2015 will benefit from the “Early Bird” discounts, described in Part II.

Investors should note that new legislation was introduced in 2014 restricting tax relief on subscription for shares in a venture capital trust after 5 April 2014 where, within six months of subscription, the investor has disposed of shares in that venture capital trust.

Further details of the Offers are set out in Part II of this Securities Note and in the Terms and Conditions. Further details on the Companies are set out in Parts III and IV of this Securities Note.

Yours faithfully

Part II: The Offers

Amount to be raised

The amount each Company is seeking to raise through its own Offer is shown in the table below; the amount to be raised in aggregate across the Offers is £25.5 million (before costs) (although the Directors of the VCTs may resolve to extend the Offers by a further £10.5 million in aggregate). The Offers are not underwritten.

	Amount to be raised (before costs)*
Albion Development VCT	up to £4.25 million
Albion Enterprise VCT	up to £4.25 million
Albion Technology & General VCT	up to £4.25 million
Albion Venture Capital Trust	up to £4.25 million
Crown Place VCT	up to £4.25 million
Kings Arms Yard VCT	up to £4.25 million

*In addition, the board of each VCT may elect to raise up to a further £1.75 million pursuant to an over allotment facility, if applications are received in excess of the maximum amount and the relevant boards wish to accept those applications. The maximum amount for each VCT including the over allotment facility is £6 million.

Terms of the Offers

Subscribers may elect to invest equally in all of the Offers or invest different amounts under one or more of the Offers, subject to the Offers not having closed by the time the Application Form is processed as detailed in the application procedure on page 51. The minimum aggregate investment in the Offers is £6,000 and the minimum investment in each individual Offer selected is £1,000. Applications must be in multiples of £1,000 per elected Offer.

The New Shares will rank *pari passu* with existing Shares from the date of issue save in respect of any dividends for which the record date has already passed. There is no maximum amount for which a Subscriber may subscribe under the Offers. However, a Subscriber may wish to consider the annual VCT allowance of £200,000 per Qualifying Investor, as detailed in Part V of this Securities Note, and the acquisition of other shares in VCTs that may have been made prior to subscribing to the Offers during the current tax year and which would count towards this annual allowance.

Pricing Formula

The number of New Shares to be allotted under each Offer will be determined by dividing the Subscription amount for that Offer by an Offer Price calculated on the basis of the following formula (**Pricing Formula**) applied to the relevant Company:

Latest published NAV of an existing Share at the time of allotment (adjusted as necessary for dividends subsequently paid or in respect of which the record date has passed) divided by 0.97 (to allow for issue costs of 3.0 per cent.) and rounded up to the nearest 0.1p per Share.

Early Bird Offers

Investors who apply by 2 p.m. on 30 January 2015 will be eligible for an Early Bird discount as follows:

- Existing Shareholders in any of the Albion VCTs or Albion Community Power PLC will benefit from a 1 per cent. discount, such that the issue price of their Shares will be calculated by reference to the latest net asset value per Share divided by 0.98.
- New investors will benefit from a 0.5 per cent. discount, such that the issue price of their Shares will be calculated by reference to the latest net asset value per Share divided by 0.975.

The number of New Shares to be issued under each Offer will be rounded down to the nearest whole number (fractions of New Shares will not be allotted). If there is a surplus of funds from an investor's Subscription amount, the balance will be returned (without interest) in the form of a cheque made payable to the Subscriber sent to the address shown on the Application Form or by bank transfer (save where the amount is less than £1 per Offer, in which case it will be retained by the relevant Company).

An illustration of the Pricing Formula

Set out below is an illustration of the application of the Pricing Formula based on the latest published NAV (unaudited) of each Company:

	Latest published NAV per Share (unaudited) (p)*	Latest published NAV per Share (adjusted for dividends) (p)**	Illustrative offer price per New Share (p)***
Albion Development VCT	71.36	71.36	73.6
Albion Enterprise VCT	97.23	94.73	97.7
Albion Technology & General VCT	82.19	80.94	83.5
Albion Venture Capital Trust	71.81	69.31	71.5
Crown Place VCT	32.40	31.15	32.2
Kings Arms Yard VCT	19.92	19.42	20.1

* The latest published NAV per Share for Albion Enterprise VCT and Albion Venture Capital Trust is as at 30 June 2014. The latest published NAV per Share for Albion Development VCT, Albion Technology & General VCT, Crown Place VCT and Kings Arms Yard VCT is as at 30 September 2014.

**Subsequent to the dates referred to in the previous paragraph, Albion Enterprise VCT paid a dividend of 2.5p per Share on 29 August 2014, Albion Technology & General VCT paid a dividend of 1.25p per Share on 31 October 2014, Albion Venture Capital Trust paid a dividend of 2.5p per Share on 31 July 2014, Crown Place VCT will pay a dividend of 1.25 per Share on 28 November 2014 and Kings Arms Yard VCT paid a dividend of 0.5p per Share on 31 October 2014.

***The Offer Prices used above are for illustrative purposes only as the NAV per Share for each Company may be different for the purposes of calculating the actual Offer Prices applicable to each allotment of New Shares under each Offer (which may be higher or lower than in the example above depending on when the allotment is made). In all cases the Offer Price will be rounded up to one decimal place. The number of shares issued will be rounded down to the nearest whole number.

Timetable

Each Offer will open on 17 November 2014 and close on 30 September 2015. However, each Board may close its Company's Offer earlier than the date stated above or may extend such Offer to a date up to and including 16 November 2015. Subscriptions will be allocated in order of receipt as far as practicably possible.

The first allotments of New Shares under the Offers are expected to occur on 30 January 2015. In relation to each allotment, an announcement will be released by each Company through a Regulatory Information Service, including details of the number of New Shares allotted in that Company and the relevant Offer Price for the allotment. The total amount subscribed for each Offer will be announced through a Regulatory Information Service once the relevant Offer has closed.

Effect of the Offers

The impact of the Offers on each Company's NAV per share, on the basis that the associated costs are incorporated into the Pricing Formula used to calculate the Offer Price, will be neutral. Each Company's assets will be increased by the net proceeds of its Offer. The impact of the Offers on each Company's earnings is expected to be immaterial.

Use of proceeds

The funds raised by each Company pursuant to its Offer will supplement its capacity to continue to invest across the business cycle in new and existing portfolio companies in accordance with the respective Companies' investment policies.

Costs of the Offers

The costs of the Offers are limited to 3.0 per cent. of the gross proceeds of each Company's Offer.

On this basis, and assuming that each Offer is fully subscribed (but ignoring the over allotment facility), the total costs of each Offer would be:

	Total costs
Albion Development VCT	£0.13 million
Albion Enterprise VCT	£0.13 million
Albion Technology & General VCT	£0.13 million
Albion Venture Capital Trust	£0.13 million
Crown Place VCT	£0.13 million
Kings Arms Yard VCT	£0.13 million

Intermediary commissions

The Manager has agreed to pay a trail commission to execution-only intermediaries, normally of 0.4 per cent. per annum for five years until 31 March 2020.

The annual trail commission will cease to be payable if the Shares are sold by the relevant subscribers, if the relevant Company is wound up, if the Manager is no longer the investment manager of the relevant Company or if the Manager is no longer permitted under the FCA rules to make such a payment. Intermediaries must substantiate the interests of investors who hold their Shares through nominees to the satisfaction of the Manager.

Investment by the Directors and the Manager

Directors of the Albion VCTs and staff of the Manager have to date invested over £3 million in the VCTs managed by Albion Ventures.

Application procedure

Subscribers may elect to invest equally in all of the Offers or invest different amounts under one or more of the Offers, subject to the Offers being open at the time their

Application Forms are processed. The minimum aggregate investment in the Offers is £6,000 and the minimum investment in each individual Offer selected is £1,000. Applications must be in multiples of £1,000 per elected Offer.

Where Subscribers have elected to invest equally in all of the Offers, as far as practically possible, the following will apply at the time their Application Forms are processed:

- If all of the Offers remain open, the Subscriptions will be invested equally in all of the Offers.
- If one or more of the Offers has closed, the Subscriptions will be invested equally in all of the Offers which remain open.
- If all of the Offers have closed, the total amount subscribed will be returned.

Where Subscribers have elected to invest different amounts under one or more of the Offers, as far as practically possible, the following will apply at the time their Application Forms are processed:

- If all of the chosen Offers remain open, the Subscriptions will be invested as elected on the Application Form.
- If one or more, but not all, of the chosen Offers have closed, Subscribers may elect to have either:
 - (1) their Subscriptions, in respect of the closed Offer(s), re-allocated equally to the other Offers that they have subscribed to that remain open; or
 - (2) their Subscriptions, in respect of the closed Offer(s), re-allocated equally to any Offers that remain open; or
 - (3) their Subscriptions, in respect of the closed Offer(s), returned; or
 - (4) their Subscriptions returned in full (i.e. no Subscription will be made).
- If all of the Offers have closed, the total amount subscribed will be returned.

Applications under each Offer will, as far as practically possible, be accepted on a first come, first served basis, subject always to the discretion of the relevant Board. Subscribers are encouraged to submit their Application Form early in order to be confident that their application will be successful.

Applications accompanied by a post-dated cheque will not be accepted. Multiple applications under the Offers from the same Subscriber will be processed in order of receipt.

The Terms and Conditions of Subscription for the New Shares under each Offer are set out on pages 52 to 53 of this Securities Note. By signing the Application Form, Subscribers will be declaring that they have read the Terms and Conditions of Subscription and agree to be bound by them.

Subscribers are advised to read the Notes on how to complete the Application Form on pages 54 and 55 of this document, in particular in respect of how to make elections as to investing in all or specific Offers and the consequences of one or more of the Offers already being fully subscribed or deemed to have closed by the time the Application Form is processed.

Each Company and its respective Directors consent to the issue of the Prospectus, and accept responsibility for the content of the Prospectus, with respect to

subsequent resale or final placement of Shares by financial intermediaries. The offer period within which subsequent resale or final placement of Shares by financial intermediaries can be made and for which consent to use the Prospectus is given is from the date of the Prospectus until 30 September 2015, unless previously closed or extended by the Directors to a date not later than 16 November 2015. There are no conditions attaching to this consent. Financial intermediaries may only use the Prospectus in the UK.

Information on the terms and conditions of the offer by the financial intermediary will be given to Subscribers by financial intermediaries at the time the offer is made to them by the financial intermediary. Any financial intermediary using the Prospectus must state on its website that it is using the Prospectus in accordance with the consent set out above

Part III: The Companies

Investment objectives

Each Company is a tax-efficient listed company which aims to achieve long-term investment returns for private investors. Funds raised under the Offers will supplement the Companies' capacity to continue to invest across the business cycle in new and existing portfolio companies in accordance with the Companies' existing investment policies. The Companies normally co-invest with each other, enabling them to invest in larger transactions and into a wider range of unquoted companies.

Investment policies

Each Company's investment policy, other than Albion Venture Capital Trust which invests solely in asset based companies, is to invest primarily in a diverse portfolio of unquoted UK asset-based and growth businesses. It is, in general, each Company's policy for these companies to have no external borrowings. The investment policy of each Company as at the date of this document is set out in full in Part II of the Registration Document.

Established companies with invested portfolios

The Companies were established between 1995 and 2006 and between them have a combined net asset value of approximately £240 million.

Through investment in all of the Offers, investors will have exposure to approximately 60 unquoted smaller UK businesses, in most of which a number of the Albion VCTs have co-invested. This will give investors the opportunity to participate in a balanced portfolio, the largest portion of which by value are asset-backed investments providing an income stream, combined with investment in a smaller number of non asset-backed companies with greater growth prospects.

As at 30 September 2014, across the six Albion VCTs, asset-backed investments accounted for around 55 per cent. of the portfolio and around 8 per cent. was held as cash, with the balance of 37 per cent. of the portfolio in investments with higher growth potential. The following table provides more detail of the portfolio as at 30 September 2014:

Cash and cash equivalents	8%	8%	
Asset-backed	55%	Hotels	6%
		Pubs	6%
		Other leisure	8%
		Education	7%
		Renewable energy	18%
		Healthcare (asset-backed)	10%
Growth and Technology	37%	Healthcare (growth)	11%
		Business Services and Other	4%
		Travel and Retail	3%
		IT and Other Technology	19%

These percentages will vary from Company to Company. Details of each Albion VCT's investment policy, and an analysis of the VCTs' investment portfolios, can be found in the Registration Document.

In order to reduce investment risk, approximately 53 per cent. of investments by valuation as at 30 September 2014 comprise secured loan stock, and the Albion VCTs each have a policy that new portfolio companies should not normally have external bank debt with a charge or security ranking ahead of the Companies. Income from the loan stock helps underpin the ability of the Albion VCTs to pay dividends.

A summary of each Company's unaudited investment portfolio as at 30 September 2014, being the latest practicable date prior to the publication of this document, is shown in the following table:

Company	Unquoted asset-based companies (% of NAV)	Unquoted growth companies (% of NAV)	Quoted growth companies* (% of NAV)	Cash and deposits less current liabilities (% of NAV)
Albion Development VCT	48	35	1	16
Albion Enterprise VCT	45	37	2	16

Albion Venture Capital Trust	88	–	–	12
Crown Place VCT	61	31	3	5
Kings Arms Yard VCT	31	55	9	5

* For the purposes of this table quoted growth companies include companies quoted on AIM.

Further details of the existing portfolios of each Company are set out in Part IV of the Registration Document.

The future performance of each Company's portfolio will be determined in the short to medium term by their existing investment portfolios. As investments are sold and new investments made, the longer term performance of each Company's portfolio will be determined by Albion's ability to find, select and manage such new investments. The market for stock in smaller unquoted and quoted companies is often less liquid than that for larger companies, bringing with it potential difficulties in acquiring, valuing and disposing of such investments. In addition, past performance is no indication of future performance.

Pipeline

As at the date of this document, Albion's pipeline of investments for its VCTs for which at least outline terms have been agreed amounts to approximately £26 million, principally in the asset-backed healthcare, renewable energy and medtech sectors, of which approximately 58 per cent. comprise follow on investments in existing portfolio companies.

Outlook for the Companies

The performance of the UK economy has improved in 2014. The economy is likely to continue to grow in 2015 and this should benefit the smaller and medium size companies which characterise the Companies' portfolios. Nevertheless, a number of risks remain, not least the fragility of consumer confidence, the ongoing effect of

public sector funding cuts and potential shocks in the global economy. Against this background, the Companies are conservatively financed and are invested in a broadly diversified portfolio with generally no external borrowings. The Companies have made a number of new investments over the past year and continue to seek attractive new investment opportunities. The Boards view the VCTs as long term tax-efficient savings products and, in this context, the Directors consider that the Companies remain well positioned to deliver long term shareholder value.

The Manager

Albion is the investment manager of each Company and has managed VCTs since the launch of Albion Venture Capital Trust in 1996. As at 30 September 2014, Albion managed approximately £240 million on behalf of the Albion VCTs. It is one of the largest VCT managers and has approximately 30 staff.

Albion also provides staff to run Albion Community Power PLC, a renewable energy power generation company.

Co-investment between VCTs

Investments are allocated between the Albion VCTs principally according to the level of cash available in each VCT at the time of investment, provided an investee company meets the Companies' investment criteria, pursuant to an allocation agreement between the Albion VCTs.

Dividends

The dividend policy of each Company is to seek to maintain a regular flow of dividends to its Shareholders.

The current annual dividend target for each VCT is set out in the table under 'Track record' above.

The ability of each Company to meet its dividend policy objective cannot be guaranteed. The value of the investment in, and the dividend stream from, a Company can rise and fall.

Shareholder communications

The Directors are committed to a policy of regular and open communication with Shareholders and this is expressed not only in the statutory accounts but also through quarterly announcements, annual general meetings, Shareholder events, Venture Matters newsletters and Shareholder surveys that occur from time to time.

Share buy-back policies and discount management

The Boards of the Albion VCTs have established policies to buy back shares in the market, subject to the overall constraint that such purchases are in the Company's interest, including the maintenance of sufficient resources for investment in existing and new portfolio companies and the continued payment of dividends to shareholders. It is the stated policy of the Companies that the Boards will target such buy-backs to be in the region of a 5 per cent. discount to net asset value.

Shareholders should note that legislation was introduced in 2014, relating to 'linked' subscriptions and sales of VCT shares, restricting the availability of VCT income tax relief on a subscription for shares in a VCT issued after 5 April 2014 where the subscription for shares in the VCT and the sale of shares in the same VCT were within six months of each other (irrespective of which comes first). If the subscription is so 'linked', the amount on which VCT income tax relief can be claimed will be reduced by the amount of the consideration of any linked sales.

The Boards

The Directors of each Company have overall responsibility for that Company's affairs and operate within the guidelines of the UK Corporate Governance Code, including its provisions on board composition and independence, and seek to follow the AIC Code on Corporate Governance as a 'Best Practice' standard.

The Directors of each Company, in conjunction with the Manager, are determined to maintain the VCT status of the relevant Company and in this regard recognise its critical importance to existing and potential Shareholders. As part of this regular review, each Board assesses its service providers with the Manager in order to discuss their performances against expectations as well as to improve both service standards and value for money.

Each Board is also responsible for monitoring and managing the controllable risks to profits and assets in its respective Company. They have established an ongoing formal process to ensure that risk exposure is reviewed regularly. As part of this regular review, each Board tests its service providers in order to improve both service standards and value for money.

The Directors, all of whom are non-executive and independent of the Manager (with the exception of Patrick Reeve, who is the managing partner of Albion), together have relevant experience of similar investment funds, regulatory organisations, corporate governance of listed companies, the private equity industry and investee companies. Details of the Directors of each Company are set out in the Registration Document.

Advice by Financial Intermediaries

Each Company currently conducts its affairs so that its Shares can be recommended by financial intermediaries to ordinary retail investors in accordance with the FCA's rules in relation to non-mainstream investment products and intends to continue to do so for the foreseeable future. The FCA's restrictions which apply to non-mainstream investment products do not apply to any of the Shares because they are shares in a VCT which, for the purposes of the new rules relating to non-mainstream investment products, are excluded securities and may be promoted to ordinary retail investors without restriction.

In this resolution, "rights issue" means an offer of equity securities open for acceptance for a period fixed by the directors to holders on the register on a fixed record date in proportion as nearly as may be to their respective holdings, but subject to such exclusions or other arrangements as the directors may deem necessary or expedient to deal with any fractional entitlements or legal or practical difficulties under the laws of, or the requirements of any recognised regulatory body or any stock exchange in, any territory, or any other matter. This power applies in relation to a sale of treasury shares which is an allotment of equity securities by virtue of section 560(2)(b) of the Act.

The following authorities will be sought at a general meeting of Kings Arms Yard VCT to be held on 17 December 2014 by the passing of ordinary and special resolutions:

That, in substitution for all other subsisting authorities to the extent unused, the Directors of the Company be and are hereby generally and unconditionally authorised in accordance with section 551 of the Companies Act 2006 (the "Act"), to exercise all the powers of the Company to allot shares in the Company ("Rights") up to an aggregate nominal amount of £404,257.41 provided that this authority shall expire 18 months from the date this resolution is passed or, if earlier, at the conclusion of the Annual General Meeting of the Company held in 2015 (unless previously revoked, varied, renewed or extended by the Company in general meetings), but so that this authority shall allow the Company to make before the expiry of this authority offers or agreements which would or might require shares to be allotted or Rights to be granted after such expiry.

That, subject to the passing of resolution 1 set out in the notice of this meeting the Directors be and are hereby empowered pursuant to sections 570 and 573 of the

Act, to allot equity securities as defined in section 560 of the Act for cash pursuant to the authority given pursuant to resolution 1 set out in the notice of this meeting, or by way of a sale of Treasury shares, as if section 561(1) of the Act did not apply to any such allotment, provided that this power shall be limited to:

- (a) the allotment of equity securities up to an aggregate nominal amount representing 20 per cent. of the issued share capital (excluding Treasury shares) pursuant to one or more offers for subscription;
- (b) the allotment of equity securities up to an aggregate nominal amount representing 10 per cent. of the issued share capital (excluding Treasury shares) from time to time pursuant to any dividend reinvestment scheme operated by the Company; and
- (c) the allotment of equity securities (otherwise than pursuant to sub-paragraphs (a) and (b) above) up to an aggregate nominal amount representing 10 per cent. of the issued share capital (excluding Treasury shares) from time to time,

and the power conferred by this resolution shall expire on the date falling 18 months from the date this resolution is passed or, if earlier, at the conclusion of the Annual General Meeting of the Company to be held in 2015 (unless previously revoked, varied, renewed or extended by the Company in general meeting), except that the Company may, before such expiry, make offers or agreements which would or might require equity securities to be allotted after such expiry and the Directors shall be entitled to allot equity securities pursuant to any such offers or agreements as if the power conferred by this resolution had not expired.

Rights attaching to the New Shares

The New Shares to be issued by each of the Companies shall rank equally and pari passu with the existing Shares issued by that Company and shall have the following rights in relation to the Company which has issued them:

- (a) **as to dividends and other distributions:** holders of the New Shares shall be entitled to receive all dividends and other distributions made, paid or declared by the relevant Company pari passu and equally with each other and with the existing Shares;
- (b) **as to voting:** each New Share carries the right to receive notice of and to attend or vote at any general meeting of the Company. Subject to disenfranchisement in the event of noncompliance with any default notice or to any special terms as to voting upon which any shares may be issued or may be held, on a show of hands, every member present in person or by proxy and entitled to vote shall have one vote and, on a poll, every member present in person or by proxy and entitled to vote shall have one vote for every Share held by him;
- (c) **as to capital and surplus profits:** on a winding-up, the holders of the New Shares are entitled to receive back their nominal value and will participate in the distribution of any surplus assets of the relevant Company pro rata with all other Shares in the capital of the Company;
- (d) **as to transfers:** the New Shares are freely transferable by instrument of transfer in writing in any usual form or in any form approved by the Board of that Company and are capable of being transferred by means of the CREST system, save that the Board may, in its absolute discretion, refuse to register a share transfer unless:

- (i) it is in respect of a share which is fully paid up;
 - (ii) it is in respect of only one class of shares;
 - (iii) it is in favour of a single transferee or not more than four joint transferees;
 - (iv) it is duly stamped (if so required); and
 - (v) it is delivered for registration to the registered office of the Company or such other place as the Board may from time to time determine, accompanied (save in certain circumstances) by the certificate for the shares to which it relates and such other evidence as the Board of that Company may reasonably require to prove the title of the transferor and the due execution of the transfer by him or, if the transfer is executed by some other person on his behalf, the authority of that person to do so;
- (e) **as to pre-emption rights:** holders of the New Shares are entitled to the statutory pre-emption rights on any issue of new Shares or the sale of any existing Shares from treasury for cash, save to the extent such rights have been disapplied by a special resolution of Shareholders in accordance with CA 2006; and
- (f) **as to redemption:** the New Shares are not redeemable at the option of the relevant Company or the Shareholders.

Mandatory bids, squeeze-out and sell-out rules relating to the Shares

Each Company and its Shareholders are subject to the provisions of the City Code on Takeovers and Mergers and CA 2006 which require shares to be acquired/transferred in certain circumstances.

Part V: Taxation Considerations

Tax position of investors

1 Tax reliefs

The following is only a summary of the current law concerning the tax position of individual Qualifying Investors in VCTs. Potential investors are recommended to consult a duly authorised independent financial adviser as to the taxation consequences of an investment in a VCT. The tax rules or their interpretation in relation to an investment in the Companies and / or rates of tax may change during the life of the Companies and can be retrospective.

The tax reliefs set out below are those currently available to individuals aged 18 or over who subscribe for New Shares under the Offers and will be dependent on personal circumstances. Whilst there is no specific limit on the amount of an individual's acquisition of shares in a VCT, tax reliefs will only be given to the extent that the total of an individual's subscriptions or other acquisitions of shares in VCTs in any tax year does not exceed £200,000. Qualifying Investors who intend to invest more than £200,000 in VCTs in any one tax year should consult their professional advisers.

(a) Income tax

(i) Relief from income tax on investment

A Qualifying Investor subscribing for New Shares will be entitled to claim VCT income tax relief on amounts subscribed up to a maximum of £200,000 invested in VCTs in any tax year.

To obtain VCT income tax relief a Qualifying Investor must subscribe on his own behalf although the New Shares may subsequently be transferred to a nominee. For shares issued after 16 July 2014, VCT shares can be subscribed for via a nominee.

The relief is given at the rate of 30 per cent. on the amount subscribed regardless of whether the Qualifying Investor is a higher rate, additional rate or basic rate tax payer, provided that the relief is limited to the amount which reduces the Qualifying Investor's income tax liability to nil. Investments to be used as security for or financed by loans may not qualify for relief, depending on the circumstances.

As set out in section 4 below, income tax relief is restricted where within six months of the subscription for VCT shares, the investor disposes of shares in the same VCT (irrespective of whether the subscription or the disposal comes first). Shares subscribed for under a dividend reinvestment scheme are not affected by this restriction.

(ii) Dividend relief

A Qualifying Investor, who acquires shares in VCTs in any tax year having a value of up to a maximum of £200,000, will not be liable to income tax on dividends paid on those shares and there is no withholding tax thereon.

(iii) Purchases in the market

A Qualifying Investor who purchases existing shares in the market will be entitled to claim dividend relief (as described in paragraph 1(a)(ii) above) but not relief from income tax on investment (as described in paragraph 1(a)(i) above).

(iv) Withdrawal of relief

Relief from income tax on a subscription for VCT shares (including New Shares) will be withdrawn if the VCT shares are disposed of (other than between spouses or on

death) within five years of issue or if the VCT loses its approval within this period as detailed below.

Dividend relief ceases to be available once the Qualifying Investor ceases to be beneficially entitled to the dividend or if the VCT loses its approval within the accounting period in which the dividend is paid.

(b) Capital gains tax

(i) Relief from capital gains tax on the disposal of VCT shares.

A disposal by a Qualifying Investor of VCT shares will give rise to neither a chargeable gain nor an allowable loss for the purposes of UK capital gains tax. The relief is limited to the disposal of VCT shares acquired within the limit of £200,000 for any tax year

(ii) Purchases in the market

An individual purchaser of existing shares in the market will be entitled to claim relief from capital gains tax on disposal (as described in paragraph 1b(i) above).

(c) Loss of VCT approval

For a company to be fully approved as a VCT it must meet the various requirements for full approval as set out below.

If a company which has been granted approval as a VCT subsequently fails to comply with the conditions for approval, approval as a VCT may be withdrawn. In these circumstances, relief from income tax on the initial investment is repayable unless loss of approval occurs more than five years after the issue of the relevant VCT shares. In addition, relief ceases to be available on any dividend paid in respect of profits or gains in any accounting period ending when VCT status has been lost and any gains on the VCT shares up to the date from which loss of VCT status is treated as taking effect will be exempt, but gains thereafter will be taxable.

2 Illustration of effect of tax relief for Qualifying Investors

The table below has been prepared for illustrative purposes only and does not form part of the summary of the tax reliefs contained in this section. The table shows how the VCT income tax relief available on subscription for new VCT shares can reduce the effective cost of an investment of £10,000 in a VCT by a Qualifying Investor subscribing for VCT shares to only £7,000:

	Effective cost	Tax relief
Investors unable to claim any tax reliefs	£10,000	Nil
Qualifying Investor able to claim full 30% income tax relief	£7,000	£3,000

3 Obtaining tax reliefs

The Companies will provide to each Qualifying Investor a certificate which the Qualifying Investor may use to claim income tax relief, either by obtaining from HMRC an adjustment to his tax coding under the PAYE system or by waiting until the end of the tax year and using his tax return to claim relief.

4 2014 Changes to VCT rules

Legislation was introduced in 2014 relating to linked subscriptions and sales of VCT shares, restricting the availability of income tax relief on a subscription for shares in a VCT issued after 5 April 2014 where it is 'linked' to a sale of shares in the same VCT. For these purposes, linked means (i) the sale of the shares in the VCT was conditional

on the subscription for shares in the same VCT (or vice versa) or (ii) the subscription for shares in the VCT and the sale of shares in the same VCT was within six months of each other (irrespective of which comes first). If the subscription is so 'linked', the amount on which VCT income tax relief can be claimed will be reduced by the amount of the consideration of any linked sales.

In addition, the VCT legislation prevents the share capital or share premium accounts arising from shares issued after 5 April 2014 from being used to make payments and distributions such as dividends to shareholders before the third anniversary of the end of the accounting period in which the issue of shares occurs.

Tax position of the Companies

The Companies each have to satisfy a number of tests to qualify as a VCT. A summary of these tests is set out below.

1 Qualification as a VCT

To qualify as a VCT, a company must be approved as such by HMRC. To obtain such approval it must:

- (a) not be a close company;
- (b) have each class of its ordinary share capital listed on a regulated market;
- (c) derive its income wholly or mainly from shares or securities;
- (d) have at least 70 per cent. by VCT Value of its investments in shares or securities in Qualifying Investments, of which 70 per cent. must be in eligible shares (30 per cent. for funds raised before 6 April 2011);
- (e) have at least 10 per cent. by VCT Value of each Qualifying Investment in eligible shares;
- (f) not have more than 15 per cent. by VCT Value of its investments in a single company or group (other than a VCT or a company which would, if its shares were listed, qualify as a VCT);
- (g) not retain more than 15 per cent. of its income derived from shares and securities in any accounting period;
- (h) not make an investment in a company which causes that company to receive more than £5 million of State Aid investment (including from VCTs) in the twelve months ending on the date of this investment; and
- (i) not return capital to shareholders before the third anniversary of the end of the accounting period during which the subscription for shares occurs.

The term 'eligible shares' means shares which carry no preferential rights to assets on a winding-up and no rights to be redeemed, although they may have certain preferential rights to dividends. For funds raised before 6 April 2011, 'eligible shares' are shares which do not carry any rights to be redeemed or a preferential right to dividends or to assets on a winding-up.

2 Qualifying Investments

A Qualifying Investment consists of shares or securities first issued to the VCT (and held by it ever since) by a company satisfying the conditions set out in Chapter 4 of Part 6 of ITA 2007.

The conditions are detailed, but include that the company must be a Qualifying Company, have gross assets not exceeding £15 million immediately before and £16 million immediately after the investment, have fewer than 250 full-time (or full-time equivalent) employees, apply the money raised for the purposes of a qualifying trade within a certain time period, cannot be controlled by another company and at the time of investment does not obtain more than £5 million of investment from EU state aided risk capital measures in the 12 month period ending on the date of the investment by the VCT. In certain circumstances, an investment in a company by a VCT can be split into a part which is a qualifying holding and a part which is a non-qualifying holding.

3 Qualifying Companies

A Qualifying Company must be unquoted (for VCT purposes this includes companies whose shares are traded on AIM) and must carry on a qualifying trade. For this purpose certain activities are excluded (such as dealing in land or shares or providing financial services). The qualifying trade must either be carried on by, or be intended to be carried on by, the Qualifying Company or by a qualifying subsidiary at the time of the issue of shares or securities to the VCT (and at all times thereafter).

A Qualifying Company must have a permanent establishment in the UK, but a Qualifying Company need not be UK resident. A company intending to carry on a qualifying trade must begin to trade within two years of the issue of shares or securities to the VCT and continue it thereafter.

A Qualifying Company may have no subsidiaries other than qualifying subsidiaries which must, in most cases, be at least 51 per cent. owned.

There is a 'disqualifying purpose' test under which an investment will not be a Qualifying Investment if the investee company has been set up for the purpose of accessing tax reliefs or is in substance a financing business.

VCT funds raised after 5 April 2012 cannot be used by a Qualifying Company to fund the purchase of existing shares in another company.

4 Approval as a VCT

A VCT must be approved at all times by HMRC. Approval has effect from the time specified in the approval.

A VCT cannot be approved unless the tests detailed above are met throughout the most recent complete accounting period of the VCT and HMRC is satisfied that they will be met in relation to the accounting period of the VCT which is current when the application is made. However, where a VCT raises further funds, VCTs are given grace periods to invest those funds before such further funds become subject to the tests.

Each Company has received approval as a VCT from HMRC.

5 Withdrawal of approval

Approval of a VCT may be withdrawn by HMRC if the various tests set out above are not satisfied. The exemption from corporation tax on capital gains will not apply to any gain realised after the point at which VCT status is lost.

Withdrawal of approval generally has effect from the time when notice is given to the VCT but, in relation to capital gains of the VCT only, can be backdated to not earlier than the first day of the accounting period commencing immediately after the last accounting period of the VCT in which all of the tests were satisfied.

The above is only a summary of the conditions to be satisfied for a company to be treated as a VCT.

Albion VCTs Prospectus Top Up Offers 2014/2015

APPLICATION PROCEDURE AND APPLICATION FORM

The issue price for each New Share will be based on the most recently announced NAV per share of the relevant Company, divided by 0.97 to allow for the issue costs.

Early Bird Offers

Investors who apply by 2 p.m. on 30 January 2015 will be eligible for an Early Bird Discount as follows:

- Existing shareholders in any of the Albion VCTs will benefit from a 1 per cent. discount, such that the issue price of their Shares will be calculated by reference to the latest net asset value per Share divided by 0.98.
- New investors will benefit from a 0.5 per cent. discount, such that the issue price of their Shares will be calculated by reference to the latest net asset value per Share divided by 0.975.

Where the share price for a Company has been declared ex-dividend on the London Stock Exchange, the NAV used for pricing under the relevant Offer will be ex-dividend. In all cases, the Offer Price per share will be rounded up to one decimal place. The number of shares issued will be rounded down to the nearest whole number. Fractional entitlements of less than £1 will be retained by the relevant Company. Fractional entitlements in excess of £1 will be refunded to investors' bank accounts. Investors will be issued share certificates in the relevant Company or their accounts will be credited under CREST. The NAV of each Company is announced quarterly to the London Stock Exchange and can be found on the website www.albion-ventures.co.uk under the "Our Funds" section.

The costs of the Offers are limited to 3 per cent. of the amounts raised. In addition, the Manager will pay a trail commission to execution-only intermediaries, normally of 0.4 per cent. for five years until 31 March 2020.

Unless closed earlier or extended, the Offers will be open for the 2015/2016 tax year with a final closing on 30 September 2015.

The Offer Price will not exceed or be less than the price as determined by the Pricing Formula.

Allocation of Subscriptions under the Offers

Unless otherwise directed, Subscriptions will be allocated equally across the six Albion VCTs.

However, investors may, if they so wish, invest different amounts in each Offer. This is subject to the relevant Offers being open at the time that the Application Form is received by Albion Ventures.

The total minimum individual subscription under the Offers is £6,000, with a minimum of £1,000 in each Offer selected, and in multiples of £1,000 thereafter.

Where subscribers apply to invest in the Offers equally, but one or more of the Offers have closed or has insufficient shareholder authority, the subscription will be invested equally in the Offers that remain open.

Where subscribers apply to invest different amounts in each Offer, but one or more of the Offers have closed or has insufficient shareholder authority, investors may choose to have their subscription:

- (a) re-allocated across the Offers that they have selected and that remain available, in proportion to the original application; OR
- (b) re-allocated equally across all Offers that remain available; OR
- (c) have their subscription for unavailable Offers returned; OR
- (d) have their subscription returned in full.

If all of the Offers have been closed, the subscription will be returned in full.

(b) The right is reserved by the Companies to allot New Shares, for which valid applications under the Offers have been received, at any time up to the final closing date of the Offers. (iii) warrant that your remittance will be honoured on first presentation and agree that if it is not honoured you will not be entitled to receive a share certificate or have your CREST account credited in respect of the New Shares applied for unless and until you make payment in cleared funds for such New Shares and such payment is accepted by the relevant Companies in their absolute discretion (which acceptance may be on the basis that you indemnify that Company against all costs, damages, losses, expenses and liabilities arising out of or in connection with the failure of your remittance to be honoured on first presentation) and you agree that, at any time prior to the unconditional acceptance by the relevant Companies, they may (without prejudice to other rights) avoid the agreement to allot such New Shares and may allot such New Shares to some other person, in which case you will not be entitled to any payment in respect of such New Shares;

(iv) agree that, in respect of those New Shares for which your application has been received and is not rejected, acceptance of your application shall be constituted, at the election of Albion either (i) by notification to the UK Listing Authority of the basis of allocation (in which case acceptance shall be on that basis) or (ii) by notification of acceptance thereof to you by Albion; dealings in the New Shares may not begin before notification is made;

(ix) confirm that in making such application you are not relying on any information or representation in relation to the Companies other than the information contained in the Prospectus and accordingly you agree that no person responsible solely or jointly for the Prospectus or any part thereof or involved in the preparation thereof shall have any liability for any such other information or representation;

(x) authorise Albion, or any persons authorised by it, as your agent, to do all things necessary to effect registration of any New Shares subscribed by you into your name and authorise any representative of Albion to execute any document required therefor;

(xv) agree that future dividend payments in respect of New Shares subscribed for will be paid direct into your bank or building society account.

(d) It is a term of the Offers that, to ensure compliance with the Regulations, Albion may at its absolute discretion require verification of identity from any

person lodging an Application Form (the "Applicant") and, without prejudice to the generality of the foregoing, in particular any person who either (i) tenders payment by way of a building society cheque or bankers' draft drawn on an account in the name of a person or persons other than the Applicant, (ii) appears to be acting on behalf of some other person or (iii) who subscribes for in excess of the sterling equivalent of €15,000 (under the Regulations). In these cases, verification of the identity of the Applicant or of any person on whose behalf the Applicant appears to be acting, may be required. In addition, Albion may use the services of a credit reference agency which will record that an enquiry has been made.

If within a reasonable period of time following a request for verification of identity and in any case by no later than 4 p.m. on the relevant date of allotment Albion has not received evidence satisfactory to it as aforesaid, Albion, at its absolute discretion, may reject any such application in which event the remittance submitted in respect of that application will be returned to the Applicant (without prejudice to the rights of any of the Companies to undertake proceedings to recover any loss suffered by them as a result of the failure to produce satisfactory evidence of identity).

Where possible, applicants should make payment by their own cheque. If a bankers' draft or building society cheque is used, the Applicant should:

- (i) write his/her name and address on the back of the draft or cheque and, in the case of an individual, record his/her date of birth against his/her name; and
- (ii) ask the bank or building society (if relevant) to endorse on the reverse of the draft or cheque the full name and account number of the person whose account is being debited and stamp such endorsement.

The above information is provided by way of guidance to reduce the likelihood of difficulties, delays and potential rejection of an Application Form (but without limiting Albion's right to require verification of identity as indicated above).

The completion by an authorised financial intermediary of the agent's box on the Application Form confirms that the requirements of the Regulations for the identification and verification of the Applicant have been complied with by the intermediary.

- (e) No person receiving a copy of this document or an Application Form in any territory other than the United Kingdom may treat the same as constituting an invitation or offer to him or her, nor should he or she in any event use such Application Form unless, in the relevant territory, such an invitation or offer could lawfully be made to him or her or such Application Form could lawfully be used without contravention of any registration or other legal requirements. It is the responsibility of any person outside the United Kingdom wishing to make an application hereunder to satisfy himself or herself as to full observance of the laws of any relevant territory in connection therewith, including obtaining any requisite governmental or other consents, observing any other formalities

required to be observed in such territory and paying any issue, transfer or other taxes required to be paid in such territory.

The New Shares have not been, nor will they be, registered in the United States under the United States Securities Act of 1933, as amended, (Securities Act) or under the securities laws of Canada, Australia, Japan or South Africa (each a Restricted Territory) and they may not be offered or sold directly or indirectly within the United States or any of the Restricted Territories or to, or for the account or benefit of, US Persons (as defined in Regulation S made under the Securities Act) or any national, citizen or resident of the United States or any of the Restricted Territories. The Offers are not being made, directly or indirectly, in or into the United States or any of the Restricted Territories or in any other jurisdiction where to do so would be unlawful. The distribution of this document in jurisdictions other than the UK may be restricted by law and, therefore, persons into whose possession this document comes should inform themselves about and observe any of these restrictions. Any failure to comply with any of those restrictions may constitute a violation of the securities law of any such jurisdiction. Any person (including, without limitation, custodians, nominees and trustees) who may have a contractual or legal obligation to forward this document and/or the Application Form should read the paragraph entitled "Overseas Investors" on page 134 of the Registration Document before taking any action.

- (f) Applicants are encouraged to submit their Application Forms early in order to be confident that their applications will be successful. In the event that applications are received for an amount in excess of the maximum subscription under an Offer, the Directors reserve the right to exercise their discretion in the allocation of successful applications although the allocation will usually be on a first come first served basis. The right is also reserved to reject in whole or in part any application or any part thereof and to treat as valid any application not in all respects completed in accordance with the instructions relating to the Application Form.

- (g) Save where the context otherwise requires, words and expressions defined in this document have the same meaning when used in the Application Form and any explanatory notes in relation thereto.

It is essential that you complete all parts of the Application Form in accordance with the following instructions. Authorised Financial Intermediaries, Independent Financial Advisers and Execution-Only Brokers MUST read Sections 4 and 5 of the notes on page 55.
